

Core Skills Training – for those working with children.

Do you work with children in a church group; midweek or holiday club?

Would you like to encourage more children into the life of your church?

Would you like to develop your confidence to work with children even more effectively?

Then Core Skills is the course for you!

The Core Skills training course will give you the confidence, understanding and skills you need to work with children and nurture them in their journey of faith, whether you are experienced, new to children's work or hoping to start. It will inspire and refresh you and the work you do.

6 sessions include key areas of children's work:

- ✓ Leadership Skills
- ✓ Programme Development
- ✓ Pastoral Awareness
- ✓ Child Development
- ✓ Spirituality and the Bible
- ✓ Children and the Community

Attending the whole course will bring the most benefit and is strongly recommended, as the modules are linked, however individual modules can be booked. **Those booking for the whole course receive a free course book.**

All participants are encouraged to do an introductory session within their own church, with co-workers, colleagues or another church member. This will help you reflect on current work, and identify issues and needs. (*The introductory session will be sent with the confirmation of booking*).
