After The Fire, originally well known back in the 70s and 80s, have been enjoying their busiest period since 1982 when they toured the world with Queen, ELO and Van Halen. A new CD of BBC Radio Sessions from 1979-1981 has just been released, which truly captures the spirit of ATF at their best as a hard-working live band. This is their third consecutive autumn tour since reforming in 2004. Tickets and info online at [www.afterthefire.co.uk](http://www.afterthefire.co.uk) or ring Jennie on 01223 870613.
